---

Greetings Captains,

We are organizing a meeting with the district manager for Jack in the Box, and their security representative to talk about how to "harden the target" at that store. It is creating an undue burden on our security office - multiple, multiple calls for service. This happened a few years ago, and we had good results encouraging them to bring in private security early in the morning, and take some measures to change features in the restaurant which made it easier for people to hang out for long periods of time. Perhaps the management changed, because the problems are creeping back.

They are very receptive to problem-solving this with us - and I've set up a meeting for 10:30 a.m. Monday April 20. Could you assign a senior lead or appropriate person to attend the meeting - that way we can also help them discern when they call LAPD, when they call BID, and how they can handle most issues on their own.

We will meet at their store.

Many thanks  
Kerry
